**Introduction-** The past is said to be dead. But the past keeps us alive. The past rings from time to time. The present and the future are formed by past. We actually live in the past because we have our root in the past.

**Establishment of the Department-** The department of philosophy of Jorhat college was started from 1962 when the college was established. Presently the department has two permanent teachers and two part time teachers. The academic condition in terms of quality of faculty and learning transfer process is healthy and adequate. All the teachers of the department are sincerely engaged in scholarly pursuits.

I firmly believe that with the touch of the blessings of the ancestors of the Department of Philosophy, by following their footsteps, the Department can move forwards towards its desired goals.

“ Let us move forward hand in hand  
With the light of the wisdom of those great  
sages

Let us go that way

The path of light given by history! “
